

ADOPTED AS AMENDED ON MARCH 25....

“The approved development standards and conditions for MPD-6 are made a part hereof by reference, and shall include the following amendment to the first paragraph of Subsection A, “Use Categories and Definitions” of Section 5.3 of the MPD-6 Development Plan approved by the City Council, which shall read as follows:

“5.3. Use Provisions:

A. Use Categories and Definitions

Use categories and definitions in the Development Plan for MPD-6 shall be subject to any future revisions to those use categories and definitions in the City of Tulsa Zoning Code, with the addition of the following use within the low-impact manufacturing and industry use subcategory:”

PROPOSED....

“The approved development standards and conditions for MPD-6 are made a part hereof by reference, and shall include the following amendment to the first paragraph of Subsection A, “Use Categories and Definitions” of Section 5.3 of the MPD-6 Development Plan approved by the City Council, which shall read as follows:

“5.3. Use Provisions:

B. Use Categories and Definitions

Use categories and definitions in the City of Tulsa Zoning Code (adopted on November 5, 2015 and as amended and effective October 21, 2025) are applicable to MPD-6, except that the Development Plan for MPD-6 shall be subject to any future revisions to the use categories and definitions in the City of Tulsa Zoning Code pertaining to a Data Center, with the addition of the following use within the low-impact manufacturing and industry use subcategory:”
